The ambitions of athletes from all corners of the earth culminate in THE GAMES, for it is here that the cream of the World's sporting elite are gathered for a once in a lifetime opportunity to compete for the most coveted titles known to man. Now Epyx, give you the chance to compete with the World's best in eight thrilling events that will test your skills to the limit!

Screen shots from CBM64 and IBM versions. Graphics for other computers may vary.

The quest for gold has begun. Eight thrilling and testing events stand between you and the pinnacle of sporting fame! On the track combine speed, strength and rhythm in the explosive **100m HURDLES.** Now engage in a spectacular test of sheer human power as you compete for the longest distance in the **HAMMER THROW.** Then reach for the sky in the **POLE VAULT.** Stretch to clear that near impossible bar! Catch your breath. We're off to the Gymnastics hall and the **RINGS.** A unique discipline in which supreme control and strength are paramount. And then there's the spectacular **UNEVEN PARALLEL BARS,** the blue riband event. Here balance, strength, and artistic flair combine as one. Success depends on practice and more practice. Will yours make perfect? Now for a real battle of nerves. **VELODROME SPRINT CYCLING** will see you locked in a tough physical and psychological battle. And perhaps the most nerve jangling event of all—**SPRING-BOARD DIVING.**

You'll really need to psych yourself up for this one! Years of preparation culminate in just one split second of action! Finally **ARCHERY.** Cool. This is a skill that's as old as time, brought bang up to date with 20th Century technology. Your eye must be accurate and your arm steady. Will yours see you through to yet another medal?

THE GAMES
TM
WINTER EDITION

Another superb compendium of Winter Events from EPYX the masters of software.
Going for gold takes skill, judgement, and endurance. The easy part ends after you've loaded because after that you'll sweat icicles in the cross country competition. Slice through the ice in the oval track speed skating event and you'll make a self styled figure skating routine look easy. Cruise the luge at a mind blowing 95 mph and ski the downhill at over 70 mph. Taste the stratosphere as you freefall down the 90 metre ski jump.
Seven amazing events designed to test you to the limit.
Up to eight players.

Available for:

Amstrad CPC disk and cassette

Atari ST disk

CBM 64/128 disk and cassette

MSX 64 cassette

Spectrum 48/128K, + 2 cassette

Spectrum + 3 disk
